#noriskinenofun

## Your role

- Collaborate with our development team to optimize our continuous delivery process
- You automate tasks and processes to drive efficiency and reduce manual intervention in deployment and maintenance workflows
- You troubleshoot and resolve infrastructure, hardware, and software incidents, ensuring minimal downtime and continuous service
- You will work with our DevOps software stack, including Shell-Scripting, Gitlab-CI, Docker, Golang, Traefik, Python, Dapr, JavaScript
- You manage and maintain our Microsoft 365 infrastructure with our outsourcing partner (SharePoint, InTune, Azure Active Directory)

## Your profile

- Minimum 2 years of professional experience as a developer with a focus on DevOps-related tech
- Experience with CI/CD tools such as Jenkins, Gitlab-CI, GitHub Actions, etc.
- Fluency in English
- You are a team player with excellent communication skills
- Our vision and product world inspire you to take on new challenges

## Additional skills

- Experience with Business Intelligence pipelines is a plus
- Experience with cloud providers (Azure, AWS, Google Cloud) is a plus

## What we offer

- Your minimum salary is € 3.455 gross (14x per year) according to the IT collective agreement. Overpayment is explicitly considered, depending on your professional experience and qualifications. Additionally, you benefit from the company's overall success by receiving a variable and performance-based bonus.
- Opportunity to advance your career and potentially lead a small team in a fast-growing and dynamic FinTech.
- Join an international team with a strong culture, flat structures, and joint activities (company events, after works, cooking evenings, etc.).
- Flexible working hours, a hybrid work model with home office days, and a cool office with good accessibility at Naschmarkt in Vienna.

- A Wiener Linien annual ticket, which allows you to use public transportation in Vienna 365 days a year for free.
