

Senior Backend Developer (f/m/d)

Full-time | Vienna | Experienced

Financial advisory rethought: riskine is a successful FinTech from Vienna. We are a highly professional, friendly, and multicultural team.

For the next growth phase, we are looking for a skilled **Senior Backend Developer** to tackle our many scaling challenges. Someone who is passionate about cutting-edge technology, wants to make a positive impact on the industry and loves simple, robust solutions for complicated requirements. In your role, you work on the services underlying riskine's Product Advice, which covers the generation, comparison, and purchase of financial product offers.

Your role

- You further develop our API products for financial advice and take ownership from implementation to testing
- You deep-dive into the financial advisory domain together with the Product Owner in order to shape your services long-term
- As a service owner, you shape the architecture of your services together with the CTO and Head of Architecture and solve scaling challenges for steadily increasing load
- You continuously consider a wide array of requirements coming from different projects, abstract them, and make decisions progressing toward our long-term target picture
- You work with a state-of-the-art software stack, including Docker, Python, PostgreSQL, Flask, FastAPI, SQLAlchemy, Dapr, Traefik

Your profile

- Minimum 6 years of experience as a developer with a focus on Python, Java, Golang, or similar
- Experience with API-based web applications
- You have excellent communication skills and are a team player
- Experience in managing IT projects is a plus
- Fluency in English; German language proficiency is a plus
- Experience in the insurance or financial industry is a plus

What we offer

- Your minimum salary is € 4.346 gross according to the IT collective agreement. Overpayment is explicitly considered, depending on your professional experience and qualifications. Additionally, you benefit from the company's overall success by receiving a variable and performance-based bonus.
- Join an international team with a strong culture, flat structures, and joint activities (company events, after works, cooking evenings, etc.).
- Flexible working hours, a hybrid work model with home office days, and a cool office with good accessibility at Naschmarkt in Vienna.
- Possibility to join the internal riskine training academy to further develop your skills.
- A Wiener Linien annual ticket, which allows you to use public transportation in Vienna 365 days a year for free.

Ready for a new challenge? We are looking forward to your application via [LinkedIn](#) or via e-mail to our colleague Beatrix Habelsberger.

About riskine: We develop digital advisory solutions for the financial industry and have been able to win numerous insurances and banks in Europe as customers since our company was founded in 2016. Our products are based on the latest technologies, in particular graph databases, natural language processing, machine learning, and efficient forecast models.

We are particularly proud of our top-class team, a diverse mix of former management consultants, finance experts, mathematicians, artificial intelligence, and IT professionals. **#joinus**
